

Rachel Pearl VanEtten

PERSONAL PROFILE

Psychotherapist, Early Childhood Mental Health Consultant, and Elementary Educator with 15 years' experience working in education and therapy environments. Support focused, with an interest in relationships and bonding, ensuring education and services are child centered and developmentally appropriate. A natural communicator with the ability to work with children and parents who have experienced trauma and crisis, as well as working in partnership and as a mentor to other education professionals. Passionate about making a difference with a huge value placed on the impact of the early childhood relational years and experiences.
